Services and Information

Safety First

Safe operation of our rental equipment is a top priority. SAFETY FIRST. SAFETY ALWAYS.

We offer Equipment Safe Operator Training with top-notch instructors for many of the equipment categories we rent.

All courses include theory, hands-on practical training, and evaluation. Upon successful course completion, you'll be issued a wallet card and certificate for the following operator certification courses:

Aerial/MEWP Scissor, Boom, Vertical Mast, Atrium, Towable, plus film and entertainment supplemental	Earthmoving
Powered Industrial Trucks Class 1, 4, 5 (Warehouse Forklift) Class 7 (Rough Terrain Forklift, Variable Reach & Straight Mast) Class 2 (Narrow Aisle) Class 3 (Electric Pallet Jack) Class 6 (Tugger & Ground Support Equipment)	Fall Protection
	UTV
	Silica Dust
	Trench Solutions and more

Training is offered, in a variety of methods, at your local branch or your job site.

Rental Terms

Herc Rentals provides daily, weekly, monthly, and long-term rentals. Acceptable forms of payment are checks and major credit cards, or if you're a frequent customer, we invite you to open a commercial account with us.

Please note: two forms of identification are required from all customers who do not have a commercial account, preferably a valid driver's license and a major credit card.

For your convenience, visit [HercRentals.com/services/credit-application](https://www.herc.com/services/credit-application) to download or complete our online credit application.

Transportation Services

Herc Rentals has one of the largest equipment delivery fleets in North America. Utilizing our special delivery fleet, we ensure your equipment arrives safely and on time.

Rental Protection Plan (RPP)

Accept RPP at the start of your rental for peace of mind! Herc Rentals offers 100% coverage for the repair or replacement costs when accidental damage or theft occurs on your job site, for covered equipment. Have a Certificate of Insurance (COI)? You don't have to worry about submitting a claim to your insurance company or paying your insurance deductible when damage occurs for approved RPP coverage. For more information, visit our website at [HercRentals.com/services/rpp-rental-protection-plan](https://www.herc.com/services/rpp-rental-protection-plan)

Refueling and Cleaning Services

All equipment is delivered clean and with a full tank of fuel, and if returned in the same condition, no charges apply. For your convenience upon return, we offer cleaning and refueling services.

Refueling

Customer can either refuel equipment themselves before return or return equipment to be refueled by Herc Rentals for a fee. Fees will be based on gallons used. Refueling rates include costs for fuel tanks, maintenance, and labor.

Cleaning

Equipment must be cleaned prior to return; if not returned clean, fees will be assessed to bring equipment to rental-ready condition. Cleaning rates include costs for labor and materials.

Preventative Maintenance Services

HIGH PERFORMING EQUIPMENT

To maintain the highest level of operating performance of our fleet, Herc Rentals performs preventative maintenance (PM). Herc Rentals complies with inspection requirements and applies a PM charge associated with performing the maintenance and related services. PM is performed either at a customer's site or at a Herc Rentals location. The PM charge automatically applies to select equipment categories, typically for higher-use equipment.

The PM charge is a set percentage of the rental rate for applicable equipment on each invoice. The PM charge is not a tax or a government-mandated charge, and Herc Rentals may change it from time to time at its discretion.

Expert Solutions for Your Truck and Trailer Needs

At Herc Rentals, we offer industry-leading expertise and premium solutions for your truck needs. With over 600 locations and 50 specialized truck branches across North America, we ensure exceptional results.

Why Rent Trucks from Herc Rentals?

Renting gives you the flexibility to scale your fleet, control costs, and stay focused on the job—not truck ownership, maintenance, or downtime. With Herc Rentals, you get access to modern trucks, expert support, and a rental solution built around your business needs.

Lower Upfront Cost

Renting helps preserve cash flow by avoiding major capital purchases and giving you predictable costs for the trucks you need, when you need them.

- No large upfront investment
- Predictable rental costs
- Pay only for trucks that are in use

Flexible Fleet Management

Renting makes it easier to respond to changing workloads, seasonal demand, and project-specific requirements without committing to long-term ownership.

- Scale your fleet up or down based on demand
- Rent for short-term, seasonal, or large project needs
- Avoid long-term commitments that can limit agility

Reduced Maintenance Burden

With Herc Rentals, maintenance and compliance support are built into the experience so your team can stay focused on operations, not administrative complexity.

- Maintenance and tire support help reduce surprise costs
- Support with compliance requirements such as DOT, IFTA, and registration
- Replacement trucks help minimize downtime

Modern, Job-Ready Trucks

Renting gives you access to newer, professionally maintained trucks that are ready for a wide range of jobs and applications.

- Access to specialized and modern truck options
- Newer vehicles with fuel-efficient and low-emission options
- Equipment selected to support current operational and regulatory needs

Why Rent From Herc Rentals vs. Other Rental Providers

Category	Herc Rentals	Other Rental Providers
Branch Network	Large established network across United States and Canada	Often disconnected and limited locations
Fleet Availability	Large fleet strategically placed to fill your needs quickly	Often hub and spoke with long lead times
Fleet Diversification	Best-in-class variety of trucks and trailers to be your one-stop provider	Limited offerings leading to multiple vendors and vendor management
Customization	Limitless options for customizing your vehicles, with expert guidance on creating the right solution for your job	Often limited customization with potential contractual obligations
Towing	Allowed, and trucks come standard with tow packages	Towing restrictions may vary by provider
Logistics	Delivery anywhere or staged for pickup	Limited offerings increase costs and delays
Maintenance	Extensive national vendor network and Herc Rentals locations minimize downtime and boost productivity	Limited service location choices with large out-of-pocket expenses
Tires	Replacement tires for normal wear and tear are fully covered	Customer often covers normal wear and tear
Breakdowns	While repairs are made, replacement trucks are provided at no cost	Replacement often unavailable and may result in extended downtime
Telematics	ProControl telematics included: location tracking, utilization monitoring, fuel visibility, driver assignment, and more	Often unavailable or an additional charge
Compliance	Herc Rentals handles titling, registration, DOT compliance, inspections, and tolls/ticket management	Customer may need to handle DOT compliance, inspections, and tolls/tickets
Truck Rotation Cycle	Flexible based on your preference	Terms may be fixed with limited flexibility and potential contractual penalties

Why Rent Trucks from Herc Rentals?

Renting vs. Owning or Leasing

For many businesses, renting offers the best balance of flexibility, cost control, and operational simplicity.

Here's a simpler way to compare your options:

Renting:

Lower upfront cost, easier fleet flexibility, maintenance support, and less downtime risk.

Owning:

Higher capital investment, full maintenance responsibility, and less flexibility when demand changes.

Leasing:

Predictable payments, but often with term restrictions, limited flexibility, and added responsibilities depending on the agreement.

Category	Herc Rentals	Ownership	Leasing
Upfront Cost	No upfront cost	High upfront capital outlay	Possible upfront costs with contract commitment
Recurring Cost	Single predictable daily, weekly and monthly rate	Variable costs across loan, maintenance, tires, taxes, and compliance	Variable costs across maintenance, tires, taxes, and compliance
Maintenance & Tires (Normal Wear and Tear)	Managed by Herc Rentals at no additional cost	Owner-managed and financed	Often lessor-managed and financed
Loaner Trucks	Loaner trucks available to keep your team productive	Loaners not available or owner must own and manage spare trucks	Loaners not available or lessor must lease and manage spare trucks
Truck Rotation Cycle	Flexible based on your preference	Varies by owner with high capital impact	Inflexible terms with potential contractual penalties
Fleet Size Flexibility	Quickly scale your fleet size up or down	Potentially long buying and selling cycles	Long lease cycles with potentially expensive downsizing penalties
Future Truck Value Risk	None - Herc Rentals assumes all depreciation risk	High	None
Compliance (Titles, Registration, DOT)	Herc Rentals manages all titles, registrations, periodic DOT inspections and tolls	Owner manages all titles, registrations, periodic DOT inspections and tolls	Lessor often manages all titles, registrations, periodic DOT inspections and tolls
Truck Variety and Customization	Broad truck variety with many customizable options	Limited to current owned truck variety with costly customization	Limited variety with customization restrictions
Towing	Allowed, and trucks come standard with tow packages	Owners manage towing specifications and requirements	Towing often not allowed
Fleet Management Burden	Low	High	Medium
Insurance Burden	Insure only the trucks you rent, only while renting	Owner must insure entire fleet year round	Lessor must insure for the entire lease duration
Telematics	ProControl telematics included: location tracking, utilization monitoring, fuel visibility, driver assignment, and more	Owner must purchase and manage	Often unavailable or an additional charge

Why Herc Rentals

Herc Rentals combines flexible truck rental options with expert support, modern fleet access, and dependable service to help you keep jobs moving. Whether you need one truck or a broader fleet solution, we can help match the right equipment to the work ahead.

Rental Protection Plan (RPP)

What's Covered by RPP?

Peace-of-mind coverage for accidental job site damage or theft*

Covered
by RPP

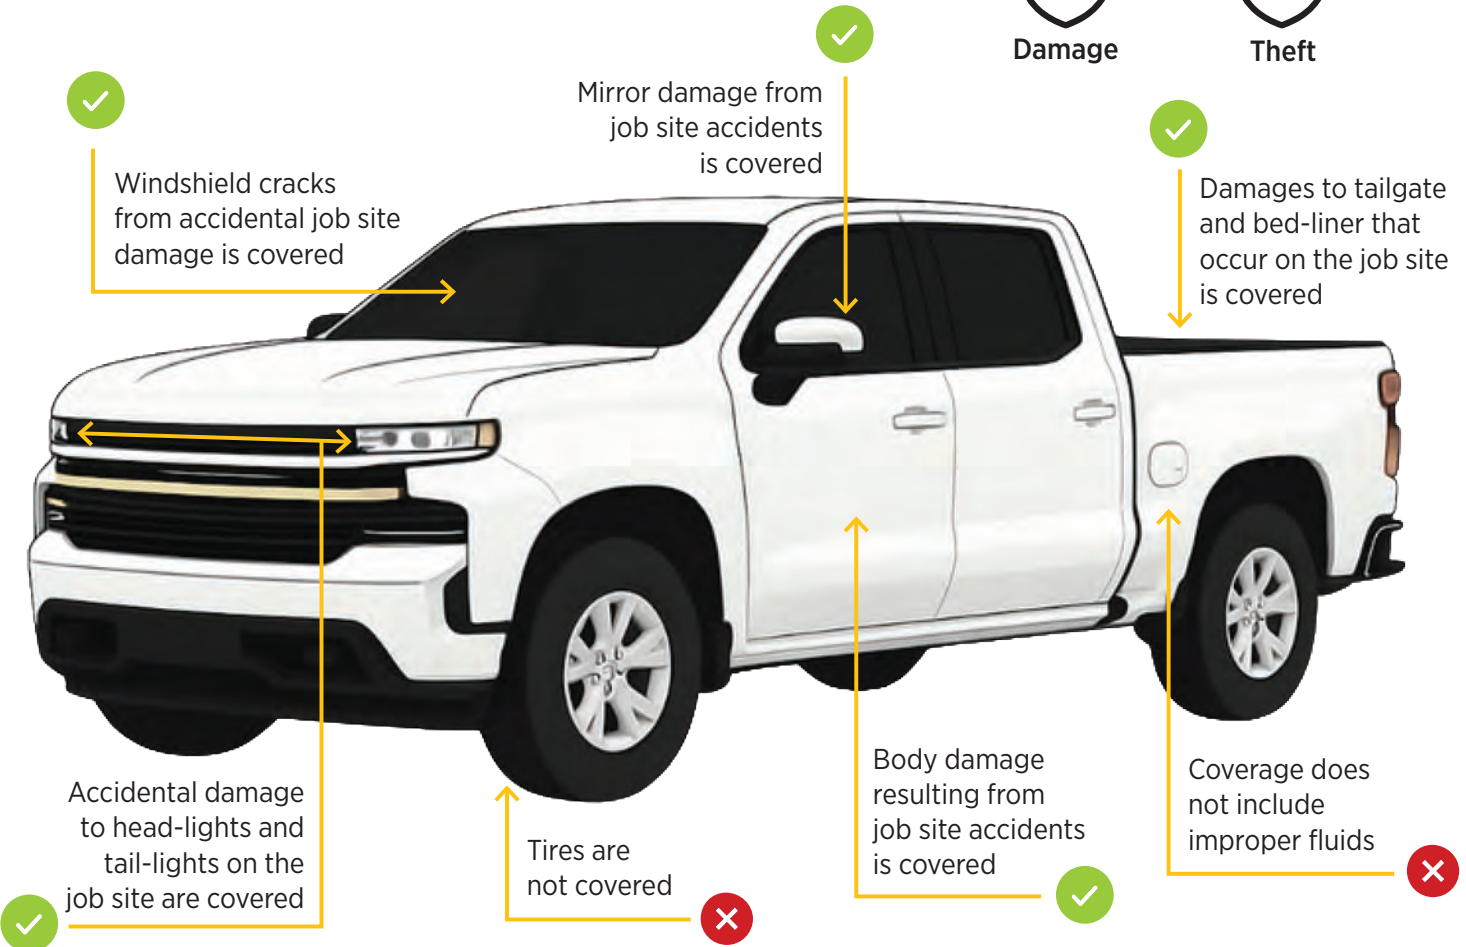

Not Covered
by RPP

Damage

Theft

*Exclusions may apply. Over the road accidents are not covered by RPP.
Please refer to the terms and conditions and list of excluded equipment at [HercRentals.com](https://www.hercRentals.com) for full details.

Worry-Free Rentals

While RPP is not insurance, it can still provide a worry-free rental.

- **100% protection** for eligible incidents on covered damaged and stolen gear
- **No out-of-pocket costs when RPP claim is approved**
- There is **no deductible** with RPP

Purchase RPP even with a COI on file to avoid:

- Submitting a claim to your insurance company
- Paying the deductible for insurance coverage
- Potential increase in your insurance premiums

Scan QR code below to learn more about RPP.

DOT Knowledge

Medical Examiner's Certificate (ME Certificate)

All drivers of commercial motor vehicles in interstate commerce with a gross vehicle weight rating (vehicle only) or gross combination weight rating (vehicle plus trailer) of 10,001 pounds or more are required to obtain and maintain a valid Medical Examiner's Certificate (ME Certificate).

MEDICAL EXAMINER'S CERTIFICATE				
I certify that I have examined _____ in accordance with the Federal Motor Carrier Safety Regulations (49 CFR 391.41-391.49) and with knowledge of the driving duties, I find this person is qualified, and, if applicable, only when:				
☐ wearing corrective lenses ☐ wearing hearing aid ☐ accompanied by a _____ waiver/exemption		☐ driving within an exempt intracity zone (49 CFR 391.62) ☐ accompanied by a Skill Performance Evaluation Certificate (SPE) ☐ qualified by operation of 49 CFR 391.64		
The information I have provided regarding this physical examination is true and complete. A complete examination form with any attachment embodies my findings completely and correctly, and is on file in my office.				
SIGNATURE OF MEDICAL EXAMINER		TELEPHONE	DATE	
MEDICAL EXAMINER'S NAME (PRINT)		☐ MD ☐ DO ☐ Physician Assistant ☐ Chiropractor ☐ Advanced Practice Nurse ☐ Other Practitioner		
MEDICAL EXAMINER'S LICENSE OR CERTIFICATE NO./ISSUING STATE		NATIONAL REGISTRY NO.		
SIGNATURE OF DRIVER	INTRASTATE ONLY ☐ YES ☐ NO	CDL ☐ YES ☐ NO	DRIVER'S LICENSE NO.	STATE
ADDRESS OF DRIVER				
MEDICAL CERTIFICATION EXPIRATION DATE				

Commercial Driver's License (CDL)

CLASS A

Any combination of vehicles with a GVWR of 26,001 or more pounds provided the GVWR of the total being towed is in excess of 10,000 pounds.

GVWR/GCWR of at least:

26,001 lb

Towing more than:

10,000 lb

CLASS B

Any single vehicle with a GVWR of 26,001 or more pounds, or any such vehicle towing a total not in excess of 10,000 pounds GVWR.

GVWR/GCWR of at least:

26,001 lb

Towing less than:

10,000 lb

CLASS C

Any single vehicle, or combination of vehicles, that does not meet the definition of Class A or Class B, but is either designed to transport 16 or more passengers, including the driver, or is placarded for hazardous materials.

License Endorsements

In addition to needing a CDL, some drivers may be required to have additional endorsements that allow them to operate specialized vehicles and carry a variety of cargo.

Hazardous Materials (H): Required in order to drive any commercial vehicle which transports hazardous materials and is placarded under state or federal regulations.

Tank Vehicle (N): A tanker endorsement is required when hauling a load with aggregate bulk packages of 119 gallons, totaling 1,000 gallons or more.

Passenger (P): 16 or more passengers

Hazmat and Tank Vehicles (X): Combination of Tank Vehicle and Hazardous Materials

License Restrictions

CDL licenses can be restricted in the following ways:

L Restriction: Air Brakes: Drivers are restricted from operating a commercial vehicle with air brakes. This restriction is issued when a driver either fails the air brake component of the general knowledge test or performs the road skills test in a vehicle not equipped with air brakes.

E Restriction: The driver may only operate a commercial vehicle with an automatic transmission.

O Restriction: The driver is restricted from operating a tractor trailer with a fifth-wheel connection if a unit with a pintle hook, or other non-fifth wheel connection is used (such as a goose neck, or ball and chain hook up) during the road skills test.

Trucks and Vans

PICKUP TRUCKS

Our pickup trucks include ½-ton, ¾-ton and 1-ton models. All models offer a wide range of towing capacities and come equipped with a work-truck package.

Features include:

- Backup camera
- Bluetooth connectivity
- Tow package
- Spray-in bedliner

UP TO 1 TON

Truck Customization and Accessories

WINTER CUSTOMIZATION

Customize your truck rental with the snow- and ice-fighting attachments you need to combat the season's worst conditions. Herc Rentals' fleet — including pickups, municipal vehicles, skid steers, and loaders — are built for a range of winter-oriented attachments such as snow plows, snow pushers, salt spreaders, and de-icers.

SNOW PLOWS

For pickup trucks and commercial vehicles.

UP TO 120 IN

Buyers	8894060	Arrow Light Bar	18 LED modules with 4 LEDs each	57.21 in x 17.81 in	913-2580

Trailers

TOWING SAFETY

When renting trucks and trailers from Herc Rentals, towing safety is essential. Always verify that the trailer's weight, including the payload, does not exceed the towing capacity of the truck. Use the provided chart for accurate payload and towing capacity information, and double-check that all connections, such as hitches and safety chains, are secure before hitting the road. Remember to balance the load properly, keep speeds manageable, and allow extra stopping distance to ensure a safe and smooth journey.

Understanding Vehicle Weight and Towing Capacities

Payload Capacity: The weight a vehicle can carry in its cabin or bed, calculated by subtracting the curb weight from the GVWR.

GVWR (Gross Vehicle Weight Rating): The maximum weight a vehicle can carry, including its own weight, fuel, passengers, and cargo.

GCWR (Gross Combination Weight Rating): The maximum total weight allowed for a tow vehicle and trailer together, including all fuel, passengers, and cargo in both.

Towing Capacity: The maximum weight a vehicle can tow, including the trailer and its contents.

Trailers

TILT TRAILERS

Ideal for transporting equipment, riding mowers, off-road vehicles, motorcycles and more.

Features include:

- D-rings/corner ties
- Chains/binders
- Headache rack

**UP TO 20 FT
LENGTH**

**FELLING
TRAILERS**

SNAKE RIVER TRAILERS

MAKE	MODEL	TYPE	LENGTH	GVWR	PAYLOAD CAPACITY	HITCH TYPE	CAT-CLASS
Snake River	DOTLT20	Split tilt	20 ft	17,600 lb	12,540 lb	3 in Pintle	610-1781

ProControlTM

by Herc Rentals

Account Management

Customize your dashboard to put analytics, PO management, bill payment and more right at your fingertips.

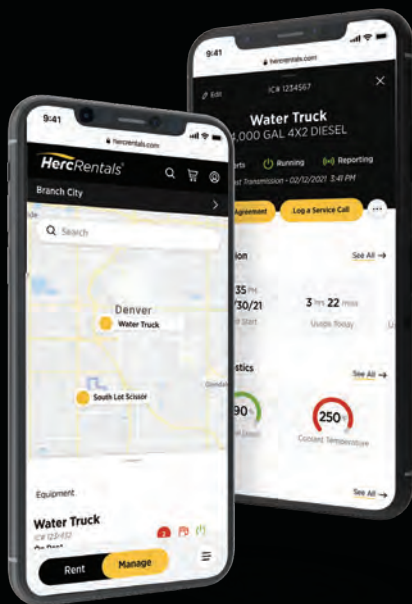

Fleet Management

Real-time analytics, utilization, diagnostics, and alerts. Use actionable data to reduce downtime, right-size rental fleet and eliminate redundancy.

Herc Rentals Ecommerce

Customer-focused ecommerce experience. Browse and rent equipment anytime, from anywhere.

ProControl by Herc RentalsTM delivers visibility and insight into your entire rental and fleet management experience.

ProControl is the new standard for fleet and account management in the equipment rental industry. This cutting-edge solution uses advanced technology to power a feature-rich website and mobile app; a user-friendly ecommerce solution; robust account management tools; a revolutionary fleet management platform, including telematics for optimum fleet productivity and analytics; and unparalleled custom reporting — all in one, easy-to-navigate place.

HercRentals[®]

[HercRentals.com](https://www.HercRentals.com)

Equipped to be the choice.

After over 60 years and the largest fleet expansion in the equipment rental industry, we're more equipped than ever to be the supplier, employer, and investment of choice.

We have what it takes to serve anyone and support projects of any size: innovative technology like ProControl by Herc Rentals™, a convenient network of branches across North America, and an expert team dedicated to your success.

Choose Herc Rentals, and get equipped for what's next.
