

FLEET AND TELEMATICS

DELIVERIES AND PICK UPS

The **Deliveries** tab contains information on all the equipment delivered, along with the rental agreement number, status of delivery, and date and time of delivery.

1. Under the **Deliveries** tab, click each line to view the delivery details for that specific piece of equipment.
2. From there, click on a selected line item. You can click the **Live Tracking** button to track the delivery in real-time.
 - a. This feature provides a real-time tracking experience of the equipment showing the driver's route and ETA via Google Maps.DEF Level
3. Once the equipment is delivered, you can view delivery images under **Delivery Photos**. You can see the delivery signature, equipment photos, and videos under this tab.
4. Select a photo from the line items and use the **carousel arrows** to view the previous or next photo/video. Under the image, you can click the **Location** link to view the location of the photo taken through Google Maps.
5. The **Pick Ups** tab displays the status of your equipment. You can see detailed information, such as if the equipment has been scheduled for pickup or returned, along with the rental agreement number, date, and pickup time.
 - a. Click each line to view the delivery details for that specific piece of equipment.
